<sup>1</sup> W interfejsie referencyjnym nie istnieje bezpośredni odpowiednik żadnej z usług API, a jedynie operacje zbliżone swoim działaniem do zapytań API. Stąd prezentowane statystyki referencyjne dotyczą operacji, które nie są w pełni równoważne usługom oferowanym w ramach API.

(There is no direct equivalent of any of the API services in the reference interface, only operations similar to API queries. Hence, the presented reference statistics concern operations that are not fully equivalent to the services offered within the API.)

<sup>2</sup> Podana statystyka niedostępności obejmuje zarówno awarie, jak i planowane niedostępności systemu wynikające z prac serwisowych i rozwojowych.

(The downtime statistics provided includes both failures and planned system downtimes resulting from service and development works.)
